

Product: 01632  
Description: PEAR\*SECKEL  
Packaging: 20-22# CS  
**028400000**

#### Description

Seckel Pears - From California; Available in 20lb cases; the Seckel pear is a specialty pear that has the traditional pear shape but much smaller in size. The thicker outer skin, which is yellowish-green and red in color, covers a white juicy flesh that is very sweet and spicy in flavor. The texture of the flesh is firmer than other soft fleshed pears, making it a good pear for cooking and canning. It is also known as the sugar pear. Use Product Code: 01632
